Faber Music is Top Of The Charts at London International Music Show

Faber Music celebrates the best music of the moment with its new **Top Of The Charts** songbook. This book contains no less than 21 bang up-to-date chart hits, arranged for piano, voice and guitar, for all aspiring popsters to sing for themselves (Price £14.95 ISBN: 0-571-53181-4).

From **Duffy**’s No 1 debut *Mercy* to **Scouting For Girls’** radio hit *Elvis Ain’t Dead* the book is also packed with hits by **Leona Lewis, Take That, Kate Nash, Mark Ronson (featuring Amy Winehouse), Radiohead, Girls Aloud, Amy MacDonald** and more.

It is a real publishing first to produce a book of such current hits. Talking about the book which was published as Duffy hit the No. 1 spot, editor Lucy Holliday said “We’re thrilled to have published this book so quickly. Publishers need to get artist approval before publishing so production can take some time. We’re delighted that people will be able to play the hits they’re in to when they want to.”

**Top Of The Charts 2008** will be available from Faber Music at the London Guitar Show Stand D34 and Unplugged Show Stand H10  (London International Music Show).
